Dear Sir Robert Falconer,

I learn that the Women's Athletic Association of the University has received from Queen's University a proposal to form an inter-University Athletic League (for Queen's, McGill & Toronto) with certain matches during the academic year.

I believe that permission to use the name of the University would have to be obtained from the Senate, so that the matter could not be settled without its coming before you officially.

I have been talking it over with Miss Addison & she thinks, & we should like an opportunity

to discuss it with some members of the Caput before the whole thing is settled. Do you think the Caput would be willing to appoint a small committee to meet us for this purpose?

I am yours faithfully,

M. Cartwright

Dear Sir Robert Falconer,

In accordance with your kind suggestion, I am writing to ask if you will arrange for a meeting of the Heads of Colleges and Dr Parkenham, with Miss Addison, Miss Wrong and myself, at some convenient time.

Yours Sincerely,
M: Carmichael.

Dear Miss Cartwright:

I am sorry that I did not know last week of the proposal of the Women's Athletic Association, because there was a meeting of the Caput held at that time and this matter might have been brought up. I am doubtful whether another meeting will be held for some weeks, but I shall be glad to ask the Heads of the Colleges and Dr. Fahrenham, inasmuch as they are chiefly concerned with the women students, to meet you, if you will make this formal request.

With kind regards, I am,
Yours sincerely,

President.
